

TERMS OF SERVICE

Last updated: May 16, 2026

These Terms of Service govern your use of this website, referred to below as the Service. By accessing or using the Service, you agree to these Terms. If you do not agree, do not use the Service.

1. Open Source License

Unless otherwise stated, the source code for this website is licensed under the Apache License 2.0. The license for the source code does not change these Terms for use of the website itself.

If there is any conflict between these Terms and the applicable open-source license for the code, the open-source license controls for the code, and these Terms control for use of the website.

2. No Affiliation

This website is an independent project and is not affiliated with, endorsed by, sponsored by, or officially connected to Valve Corporation, Steam, Spotify, GitHub, GitLab, Solana, Monero, Bitcoin, Lightning, or any other third-party company, platform, publisher, developer, project, or brand mentioned on the Service, unless explicitly stated otherwise.

All trademarks, logos, service marks, and company names are the property of their respective owners.

3. Third-Party Services and Content

The Service may use or reference third-party services, including but not limited to Spotify, GitHub, GitLab, Steam, Valve, book publishers and authors, video game developers and publishers, and payment or donation networks and their related brands.

Any mention of these services is for identification, integration, compatibility, informational, or showcase purposes only.

3.1 Spotify Content

The Service may display music-related information using the Spotify API or related Spotify services. This content is provided for showcase or informational purposes only.

Users cannot play, stream, download, or listen to music through the Service unless a separate feature explicitly allows it.

Spotify content shown on the Service remains subject to Spotify's own terms, policies, and branding rules.

3.2 GitHub and GitLab Content

The Service may display repository metadata, profile information, project links, or other publicly available developer content from GitHub and GitLab.

Such content is displayed for informational or showcase purposes only and does not imply endorsement by GitHub, GitLab, or their affiliates.

3.3 Books, Games, and Media

The Service may display book titles, cover images, author names, game titles, screenshots, artwork, or similar media as part of a reading, gaming, or media showcase.

These materials are displayed for informational, cataloging, personal tracking, or showcase purposes only.

Copyright in books, games, artwork, screenshots, and related media remains with the respective copyright holders.

3.4 Donation Buttons and Crypto Logos

The Service may display logos or names associated with donation methods, including Solana, Monero, Bitcoin, Lightning, or related networks.

These logos and names are used only to identify accepted donation methods or related networks.

Their appearance on the Service does not imply sponsorship, endorsement, partnership, or affiliation by the respective network, project, or trademark owner.

4. User Conduct

You agree not to use the Service in a way that:

- violates any law or regulation,
- attempts to interfere with, damage, or disrupt the Service,
- attempts unauthorized access to any part of the Service or related systems,
- scrapes, abuses, or overloads the Service in a harmful way,
- uses the Service to impersonate another person or organization, or
- removes or obscures copyright, trademark, or attribution notices.

5. Intellectual Property

Except for third-party content and open-source components subject to separate licenses, the design, text, layout, and other original materials on the Service are owned by the operator of the Service or used with permission.

You may not copy, reproduce, distribute, modify, or create derivative works from the original parts of the Service except as allowed by applicable law or the Apache License 2.0, where relevant.

6. Availability

The Service is provided on an “as is” and “as available” basis.

We do not guarantee that the Service will be uninterrupted, error-free, secure, or compatible with every device, browser, or platform.

Features may be changed, added, or removed at any time without notice.

7. No Warranties

To the maximum extent permitted by law, the Service is provided without warranties of any kind, whether express, implied, statutory, or otherwise.

This includes, without limitation, warranties of merchantability, fitness for a particular purpose, non-infringement, and accuracy.

8. Limitation of Liability

To the maximum extent permitted by law, the operator of the Service will not be liable for any indirect, incidental, special, consequential, or punitive damages, or for any loss of data, profits, revenue, goodwill, or business opportunities arising from or related to your use of the Service.

9. External Links

The Service may contain links to third-party websites or services. We are not responsible for the content, policies, availability, or practices of any third-party website or service.

Accessing third-party sites is at your own risk.

10. Changes to the Service and These Terms

We may update the Service or these Terms from time to time.

If we make material changes to these Terms, we may post the updated version on this page with a new Last updated date.

Your continued use of the Service after changes are posted means you accept the updated Terms.

11. Donations

The Service may display options to support the operator via voluntary donations, including through cryptocurrency networks such as Solana, Monero, Bitcoin, or Lightning.

All donations are entirely voluntary. Making a donation does not entitle the donor to any goods, services, benefits, privileges, access, or compensation of any kind. Donations do not create any contractual relationship between the donor and the operator.

All donations are final and non-refundable unless required otherwise by applicable law.

12. Third-Party Assets Disclaimer

Certain visual assets used on the Service — including but not limited to background images, avatar images, icons, favicons, and decorative graphics — may be sourced from third parties and are the property of their respective copyright holders.

The operator of this Service does not claim ownership of, and makes no assertion of intellectual property rights over, any third-party visual assets displayed on the Service. Such assets are used for personal, non-commercial, showcase purposes only.

If you are a copyright holder and believe your asset is being used in a manner that infringes your rights, please contact the operator using the information in Section 15.

13. Termination

We may suspend or terminate access to the Service at any time, with or without notice, if we believe these Terms have been violated or if necessary to protect the Service, its users, or third parties.

14. Governing Law

These Terms are governed by the laws applicable in the jurisdiction where the operator of the Service is located. Any disputes arising from use of the Service shall be subject to the jurisdiction of the competent local courts.

15. Contact

If you have questions about these Terms, contact: contact@sp4r0ww.online

Short disclaimer — This website is an independent project and is not affiliated with Valve, Steam, Spotify, GitHub, GitLab, Solana, Monero, Bitcoin, Lightning, or any other third-party brand mentioned here. All trademarks and copyrights belong to their respective owners.
